MARGINAL STRIPS : OBJECTIVES AND OPTIONS

(Oral Item)

On 2 March 1988, the Committee deferred a decision on the recommendations put to it in the submission under SOE (88) 20 and agreed that Ministers should discuss the issues further with officials. Since then, comment had also been sought from State-owned enterprises and replies had been received.

The Committee:

- a directed the State Services Commission to re-convene the group of officials involved in the preparation of the submission under SOE (88) 20 in order to produce a revised and updated submission setting out and clearly identifying the views and recommendations of all interested parties, including those of State-owned enterprises and Parliamentary Counsel;
- b invited the Associate Minister for the Environment to arrange further discussions on this matter between the Associate Minister of Conservation, the Associate Minister for State Owned Enterprises and himself.
